"Meet The Candidates Night" To Be Held In Minden

MINDEN PARK GETS PROVINCIAL GRANT

The Townships of Anson, Hindon and Minden have been awarded a grant of $12,500 for capital development of the Minden Approved Park, adjacent to the village of Minden.

Announcement of the grant was made today by Natural Resources Minister Leo Bernier and Victoria-Haliburton MPP Glen Hodgson.

The grant, made under the Parks Assistance Act, and matched by an equal amount by the municipality, will be used to install a water line, construct an entrance road and a washroom and septic tank system in the 37-acre park site, north of the Gull River.

ROMANOFF AND JULIET TO BE PRESENTED BY HALIBURTON HIGH SCHOOL STUDENTS

Most people have read or seen the Shakespearean play 'Romeo and Juliet'. On December 6, 7, 8, and 9th at 8:00 pm the A4A-B English students of the Haliburton Highlands Secondary School are presenting a modern parody of this play, entitled Romanoff and Juliet by Peter Ustinov. This play takes place in an extremely small country and concerns people from American and Russian embassies. Juliet Movlsworth from the American embassy, falls in love with Igor Romanoff from the Russian embassy. This occurance causes much unhappiness in both homes. To complicate matters, both Romanoff and Juliet happy together. Do Romanoff and Juliet find happiness? Bring the whole family and find out.

DO YOU REMEMBER WHEN ?

Came across this old photo last week and thought it might bring back some memories. In 1961 Bob Harvey Sr. directed what proved to be a very successful play, "The Gull River Minstrels". In the photo two of the cast left, Norm Maidens and J. Earl Palmer, the show took the stage at the old arena and ran three nights.

MINDEN SKATERS RECEIVE COACHES CERTIFICATES

On Sunday November 19th three seniors from the Minden Figure Skating Club attended a coaches' clinic in Peterborough. This was an all day event of lectures, coaching and written examination. We are proud of these girls, Ann Campbell, Lori Northey and Susan Hope as they are all now qualified and registered coaches. Susan Leary another Senior member is also a qualified coach. The girls received a badge and certificate.

The club is now well equipped to teach its members, with two pros and four coaches.

USE CHRISTMAS SEALS

A lot has changed since Granny's day. Polluted air. Cigarettes. Crammed superhighways. But Christmas is still beautiful. And so are Christmas Seals.

This year's Seals sport Granny's double-decker house, glassy skyscrapers, funny old-fashioned trains and sleighs, split-level suburban homes, snowball fights and lamplight carolers. The mix is both modern and traditional.

One of the changes since Granny's day is a people explosion. Just 65 years ago, when the first Christmas Seal was printed to fight tuberculosis, there were only 87 million Americans. Today the figure has sped past 200 million and is headed skyward. In the old days, TB was a killer called the White Plague which spread like wildfire from person to person. Out of every 100,000 people, 174 died from TB in a single year. Today, ony two out of the same number die from the disease. Modern drugs can treat and prevent the disease if it is detected in time.

Christmas Seals still fight TB because the disease itself hasn't died yet. Last year nearly 40,000 new active cases were found in this country.

Answer your Christmas Seal letter today. And to find out what can be done to fight off diseases that affect the lungs, contact your local tuberculosis and respiratory disease association. It's a matter of life and breath.

In response to many inquiries a Candidates Night will be held at the Minden Municipal Council Chambers today, Thursday, November 30, at 8:00 p.m. for all Candidates seeking elective office in the Townships of Anson, Hindon and Minden. The purpose of the meeting is to give all Electors the opportunity of meeting the candidates.

The Advance Poll held in the Minden Municipal Offices on Monday, November 27, attracted 10 voters. A second Advance Poll will be held in the Minden Municipal Offices on Saturday, December 2, between the hours of 11:00 a.m. and 8.00 p.m. It is estimated that 50 or more voters will attend in contrast to the Advance Poll held in 1970 which attracted a total of 24 voters.

Any person who has been incorrectly missed on the Voters List can still apply to the Clerk of the Municipality to be sworn in as an Elector at anytime up to the closing of the Poll on December 4th. If a person representing himself to be an elector applies to a Deputy Returning Officer at a Polling Place for a ballot and his name does not appear in the polling list or in a certificate issued under Section 31 or 48 is entitled to have his name entered on such polling list and to receive a ballot and to vote if he takes a declaration in the prescribed form and otherwise establishes his identity to the satisfaction of the Deputy Returning Officer.

On Election Day, December 4th the following polls will be open from 11:00 a.m. until 8:00 p.m.; Poll 1-A, 1-B and 1-C at the Hyland Crest Home in Minden, Poll 2 at Medley's Bowl in Carnarvon, Poll 3 at Bob's Store in Ingoldsby, Poll 4 at the Cupboard Store in Blairhampton. A heavier than usual turnout is expected.

The Office of the Clerk of the Municipality will turn into "Eleotion Central" where the final tabulations will be made and announced on December 4th, 1972.

THE MAIDENS' VIEWPOINT !

by
Norm Maidens

In answer to Rev. Andrew's letter "re The Old Clergy House" I stand corrected. I have always tended to be over enthusiastic about Historical Things and the "Clergy House" in particular. For this I make no excuses.

Regarding the quotation about Jesus driving the money changers from the Temple I can't argue the point on the reason behind it but it was not my intention to question the Stewardship of St. Paul's Parish, present, or future. If I created this impression I'm honestly sorry, please accept my apology.

I still say without any fear of argument that the "Clergy House" is a good investment and is one of the last links left between the pioneer days and the future.

For the past 17 years my wife and I have put a great deal of ourselves in the house as well as a few thousand bucks to bring it back to shape. In fact, just before Bill and Lenore Prentice took it over I had three new logs placed at the back of the building and had the foundation and all the spaces between the logs remortared. No matter who buys a house they always change everything anyhow so I can't agree with any statement that it needs extensive repairs.

When Rev. Hutchison mentioned the Church sold the property for $6,500.00 he forgot to mention they bought it for $650.00.

I know that Rev. Andrew and his good wife have a deep feeling for the old house and so do many of the Parish — but, the truth must be faced, it is a matter of economics. There are thousands of dollars thrown away every year by different organizations but that still doesn't help the situation.

My only hope is, that whoever buys the property appreciates it's value. It's an authentic historical site but, as such doesn't fit into the modern day economy of the fact that unless you can turn a fast buck — don't get involved.

Thanks to Rev. Andrew for his letter and sincere feelings for the "Clergy House", I'm sure, at least he appreciates my feelings and makes allowances for my over-enthusiasm.

* * * *

Just to show you how things can change over the years and take on new meanings here's what I found in an issue of a magazine on writing dated 1938.

In one of the lessons here's what it said. "Should we say, "The man was hanged" or the "man was hung?"

"This statement can be made either way — no one will accuse you of speaking ungrammatically if you say the man was hung — but you will be in better literary company if you say "the man was hanged."

Not so today. In this age of permissivness and change of meaning when you make this statement you don't have any options. When you say, "the man was hung" you are opening up a whole new ball game. Nuff said !

* * * *

Drive carefully — be alive to enjoy life as you find it from day to day, don't throw your life away on some stupid driving error. It CAN happen to you.

A SPECIAL CHRISTMAS TREAT

Tired of turkey or ham how about duck, pheasant or grouse!

Keen bird hunters should remember that the bird season in the Lindsay District remains open until December 16th which leaves another three weeks of good hunting.

There is excellent 'bluebill hunting at the Ministry controlled blinds at Presqu'ile and Darlington Parks.

The Ministry also stocks pheasants weekly at the Brighton Provincial Hunting Area to supplement a good natural population of ruffed grouse. Hunters with good dogs can enjoy quality hunting to the end of the season.

Late season grouse hunters are enjoying excellent success along the fringes of coniferous swamps and harlwood ridges adjacent to the swamps.

MINDEN RECEIVES GRANT

The Honourable Leo Bernier, Minister of Natural Resources and Mr. R. Glen Hodgson, M.P.P. for Victoria-Haliburton announced the approval of a provincial grant of $12,500.00 to the Corporation of the Townships of Anson, Hindon and Minden for capital development work in Minden Approved Park.

The site comprises some 87 acres of land north of the Gull River and adjacent to the town plot of Minden.

The Authority is proposing to install a waterline into the park area, construct an entrance road, and also to construct a washroom and septic system.

This grant is made available under The Parks Assistance Act and the municipality will contribute an amount equal to the grant.

LEARNING ABOUT OUR DEER HERDS — IS IMPORTANT

During the past few weeks Conservation Officers have been checking the age, weight and physical condition of deer killed in the Lindsay District during the annual deer hunt. Many hunters have been interviewed by Conservation Officers and had their deer's teeth examined antlers measured and weight recorded.

As well, most organized deer camps have been asked to fill out and return Hunt Camp Report Forms and many individual hunters have received individual report forms to fill out.

Hunters often ask 'Why'? - 'Why all the interest in my deer and my hunting success?'

The answer is simply that the Ministry is attempting to balance the deer population with the available food and, in turn, the hunting pressure with the deer population. Information on hunters, and the deer they shoot provides the Ministry with data for the continuous evaluation of our deer herds, deer range and the effects of hunting.

'Aging' deer tells Biologists a lot about a deer herd. We know that a normal deer population contains a certain percentage of fawns, a smaller percentage of yearlings, a still smaller percentage of 2½ year olds and so on through the oldest age class. Naturally fewer deer are found in the older age classes because successive hunting seasons and natural mortality limit their chance for survival. If in any given yearour age data collection shows a drastic change in the herds age structure, we know that something is wrong and can set about determining what it is and initiate the appropriate management technique to solve it (i.e increased or decreased seasons, range improvement, etc.) A close watch on the number of fawns and or yearlings also gives us an idea how severe the past winter was and how our deer herd survived it.

Antler size and the number of antler points are directly related to the condition of the range. Small antler beams and few points relect poor range conditions. Antler diameter measurements vary in different parts of the District and province and aid biologists in pinpointing areas of poor range quality.

Deer weights reflect both range and herd conditions. The weight of fawns reflects the physical condition of does in the herd and indicates how they survived the past winter. If the average weight of our fawns in an area starts to decrease, we know we have a problem.

Our mailed survey forms give us information on the number of hunters in our District and the total deer they shoot. We can then determine whether our herd is being overharvested or underharvestel.

The Lindsay District deer herd has suffered a decline in the past few years. Our success in pinpointing the case of the decline and finding a solution for it will depend upon the understanding and co-operation of the District sportsmen. The few minutes spent at a check station or filling out a questionnaire at home, or allowing a Conservation Officer to examine your deer is directly aiding the Ministry in its efforts to provide continued good hunting.

TIME IS RUNNING OUT

As they say, "time is of the essence", the first advance poll has already been held, with the second one coming up on Saturday, for those who can't see their way clear to vote on Monday, December 4th.

No one can say "there is little choice", in this election in Anson, Hindon and Minden, every position is being contested, with a variety of good people running as candidates. The campaigns are swinging into full tilt, with everyone asking and giving their opinions on every corner, store and bar in town. We would like to print our gallop poll, from the comments heard over the last three weeks, but then this would be tilting the election one way or another, and in a small town, might cause some havock.

This election, with so many candidates running, has lifted the spirits of everyone who is interested in this community — it has been the best thing that has happened to this town since Sam Labarge did away with his old car on main street, with a sledge hammer.

From what we have heard the campaigns have been cleanly contested, the issues are few, but the interest is running high. We predict this election will bring more people to the polls than ever before. If you haven't got an axe to grind, you still have to go and vote for a relative or neighbour in this one.

The most interesting aspects of this campaign, are still to come — at the Candidates night (tonight), the Municipal building will be filled to capacity, with eager ratepayers, still trying to make up their mind on who should fill the seats, to govern them over the next two years.

We are expecting long-winded speeches from the two candidates running for Reeve, Reg Booth and Roy Windover, for they have much at stake, and much responsibility ahead of them. For Deputy Reeve, Allin Cooper and Doug Pritchard, will have to be on their toes when they face Shirley Brandon, a knowledgeable candidate for that seat. For the three council seats we expect relatively short talks from the candidates, Alan Coneybeare, Dean Elliott, Jim Garbutt, Bob Gorrie, Norman Harrison, Gerry Heywood, Jerry Pillsworth, Frank Welch and the only gal candidate here, Helen Johnson, for none of these have had strong issues on their platform throughout the campaign. For School Trustee, it could be a different story — we are predicting many questions will, and should be asked the candidates, and no doubt they will be prepared. Len Lonsberry and Earl Palmer, incumbent candidates for this area are well versed in what has happened and what we should expect in the future. Len is the present chairman of the board, while Earl has been deeply involved in the budget end of the Board functions as the chairman, both have done a good job. Barbara Elder, a member last term, representing Stanhope Township is also very knowledgeable of School Board functions, while Lloyd Johnson is giving it a whirl for the first time, and is quite competent of stepping in and doing a great job.

We could go on, and on, but we are out of space — I leave one thought with you, it is important to get out and exercise your right to vote — don't let yourself down or your community.

Anson Hindon and Minden Electors

THE RACES ARE ON !

THE CONTESTS ARE CLOSE ?

You will have no less than 4 ballots to examine and mark. Each is worthy of your careful consideration. Think upon some points before you make your choice on the ballot for Board of Educatin.

1. Educational part of the average tax bill across the County, including A. H. & M., was cut in 1971.
2. The same tax bill was shaved again across the County in 1972. It was up slightly in A. H. & M. because of provincial changes in the apportionments within the County.
3. The Board has stayed within the provincial guidelines, thereby achieving maximum grants.
4. The quality of education has not been sacrificed because of close budgeting.
5. The Budget Committee did not take advantage of the harshness of times imposed on the municipalities for collecting the levies. A reasonable formula was adopted and was made known to all municipalities so that in turn they could budget more wisely.
6. The administration recommended that a fence be installed across part of the frontage of the Archie Stouffer Elementary School. Fence stopped, $4,000.00 saved, school approach kept open and inviting.
7. Energetic debates are required for sound School Board decisions.
8. Ideally, a school trustee should be the parent of a child or children in the particular school system.
9. Attend the Candidates' meeting on Thursday, November 30th, at 8 p.m. Municipal Building, and ask questions (any kind) to those offering themselves as school trustees.

MARK GREIR LEADS NOVICES TO VICTORY AS MINDEN MOVES INTO FIRST PLACE

The Minden Novices travelled to Bobcaygeon on Saturday afternoon and trimmed the Caygeon Novices 4-1.

The boys came out skating hard and full of confidence after their 4 to 2 victory in Haliburton the night before.

Ronnie Yake started things off for the novices at the 1:10 mark of the first period when he cashed in a Leslie Booth rebound to put the Minden squad up 1-0, at the end of the period.

Mark Greir then got his first of the night at the 8:10 mark of the second period while on the powerplay. Caygeon got this one back at 12:10 with Joe McMinn in the sin-bin. The period ended 2-1 for Minden.

At the 4:00 mark of the third period Mark got his second of the game and a beauty. He picked the puck up at his own blueline and skated the length of the ice to score a short handed goal, putting the Minden boys up 3-1. Brent Moxam closed out the Minden scoring at 11:42, when he broke in alone on the Caygeon goalie beating him cleanly from ten feet out.

Minden now shares first place with Fenelon Falls each with 4 points but Fenelon has played one more game. Haliburton and Coboconk share second place with 3 points each. Bobcaygeon is winless in two starts.

WHY?

Because I recognize the necessity of forming a larger, more practical unit of Municipal Government if we are to avoid Regional Government in this area.

The problem of "seasonal" employment, so familiar to the area, has to be solved; not by handouts, but by encouraging compatable industry to locate in the area. This will go a long way toward overcoming this problem.

Toward these ends, I am asking you for the opportunity to serve.

SPORTS CORNER

with CLIFFE BURKE

MINOR HOCKEY RESULTS

Friday evening in Haliburton, the Minden novices came up with their first victory of the season, a 4 - 2 effort over Haliburton. Minden dropped their season opener last week to Fenelon 3 - 2.

Ricky Beeney, Scott Arbuthnot, Harold Porter and Leslie Booth scored for Minden. Madden and Lee got the Haliburton tallies.

The Minden Pee Wees dropped their third straight game on Sunday evening, this time to Fenelon Falls 6 - 4.

Brian Shaw found his skating legs for the first time this season as he broke loose for four goals. With any luck at all, Minden would have won this game handily. The Minden boys were just starting to get untracked, when Paul McKenzie was struck in the face with the puck and had to be taken to the hospital. For the rest of the first period and all the second, the Pee Wees from Minden appeared in a fog. Brian had given the Minden squad a 1 - 0 lead in the first but after the injury to Paul they gave up five unanswered goals, to trail 5 - 1 at the end of two periods.

The third period started out much the same as the second until about the five minute mark when Paul came back from the hospital and was given the okay to play. The Minden team completely dominated play, with Brian bringing the locals within one goal, 5 - 4 with five minutes left. However, the Pee Wees just couldn't put the puck in the net. Fenelon scored their last goal on a breakaway, when the Minden boys were pressing for the equalizer and where all caught well in the Fenelon zone.

The Minden Bantams travelled to Bobcaygeon on Saturday afternoon and were thoroughly trounced by the Bobcaygeon team 10 - 0. The Minden midgets were also blanked by Bobcaygeon on Thursday evening in Cageon 5 - 0.

The midgets did win one game last week, a 7 - 1 exhibition victory over hapless Fenelon Falls. Minden boys came away with victories in all three fights as well. The Fenelon team is worse than the team they had last season. They seem to refuse to play hockey, they fight, argue and pick up every penalty in the book. They were assessed 85 minutes in penalties to Mindens 30 in this contest.

The midgets also played an exhibition game against the new Minden Juveniles and gave a good account of themselves, as they were only downed 12 - 7. The midgets were missing such mainstays as John Welch, Dean Hewitt and Al Trepanier for this match. Kirk Hewitt had five goals for the midgets and Randy Anderson two. The Juveniles goals went to McElwain with the hat trick, Lee Bull, Peter Burk and Sidney Keigan had two with singles going to Dave Pentney, Roger Yearwood and Wayne Harrison.

Bob Arbuthnot, a potential star with the new Juveniles will be lost to the club for an undetermined length of time, with a broken ankle he suffered in a Juvenile scrimmage last week.

OWN CHOICE PLATES TO BE ISSUED BY MAIL

After December 1, most of the 11,600 Ontario motorists who applied for "own choice" licence plates will receive their 1973 registration through the mail from the Ministry of Transportation and Communications.

Confirmation of the availability of the special numbers has been sent to those motorists who have reserved own choice plates and all requests will be filled before the February 28, 1973 deadline.

To apply for their 1973 registration, holders of own choice reservations are required to send to the special plate office, Macdonald Block, Queen's Park M7A 2A2, the appropriate fee, the complete application for 1973 vehicle registration, proof of insurance, and the confirmation letter. Own choice applications will not be accepted at local licence issuing offices.

The annual fee for 1973 registration is $40 for an 8-cylinder vehicle, $32 for 6-cylinder vehicles and $23 for vehicles with 4 or less cylinders.

Licence plates will go on sale to the general public December 1 at 285 licence issuing offices throughout the province and for the first time multi-year plates will be issued.

The new style plate will be in use for up to 5 years with validation in subsequent years accomplished by means of a sticker attached to the lower right-hand corner of the plate.

TO THE RATEPAYERS OF LUTTERWORTH TWP.

The tenure of the Council of Lutterworth expires on December 31st, 1972. The members of Council have asked to have their mandate extended for a further term of two years.

They have not offered a platform to justify their extension; therefore their record of achievement to date must be examined to determine their acceptability to continue in office. The following are the major problems facing Lutterworth and the Council's record regarding these problems:

TAXES:

Taxes in some cases increased as much as one hundred per cent. These increases have affected some people on a fixed income. Every ratepayer experienced a substantial increase in realty tax and can expect an even greater rise next year directly as a result of inexperienced and reckless spending.

ROADS:

A Roads Needs Study was begun in early fall. The cost of this study may reach as high as $6,000.00. The results of this study may actually decrease the subsidy the Township already receives, thus we may find ourselves in the unique position of assisting the Provincial Government in reducing our road allowance.

The result of a motor vehicle count on Wednesday, October 11, 1972, will be of limited value when negotiating an increase in roads subsidy from the Ministry of Transportation and Communications.

The purchase of a dump truck and tractor will reduce the amount of money actually spent on road maintenance and materials. It will now be necessary to pay finance charges, administrative overhead and maintenance costs on this new equipment.

The rate of hire for private trucking contractors is $6.00 per hour. The cost of operating a municipal truck increases this cost to approximately $12.00 per hour. The reasons for this increase are administrative overhead, limited usage allowed by the Ministry of Transportation and Communications, smaller carrying capacity, stricter maintenance requirements.

The estimated cost of wages for a six month period will exceed the total expenditure for snow removel for the fiscal year of 1971.

The dump truck purchased in Huntsville, Ontario, and the tractor in Toronto, Ontario. It is a 150 to 200 mile round trip to have either piece of equipment taken for service or warranty.

POLLUTION:

The Council has not organized any meetings at which concerned ratepayers may present their views on pollution.

The condition of some of the local dumps has deteriorated to a point where rats now run unchecked through the surrounding countryside.

RESPONSIBILITY:

While admitting that the Zoning By-law is a necessity for the Municipality of Lutterworth, the township council has caused undue hardship to the ratepayers by their attempt to enforce this same Zoning By-law since May 16th, 1972, without prior notification to the individual ratepayers.

A great deal, of harm has been occassioned to the ratepayers because of Councils arbituary and high handed tactics.

One of our fundamental rights of law namely that of property rights, cannot be taken away without prior notice, has been disregarded by this arbitary council.

The Council has failed to accept the responsibility of its mistakes and has passed the blame unto other levels of government. This "buckpassing" will have serious repercussions on the ratepayers when it becomes time for this Council to bargain with higher levels of government to increase subsidies and grants. One has only to look at the letter accompanying his tax notices to see evidence of this "buckpassing".

FUTURE DEVELOPMENT:

The Council has, in effect, reduced Lutterworth to a zero growth rate. This will result in an ever increasing tax demand being divided among a fixed number of ratepayers.

A basic business formula to decrease overhead is to increase production. Apply this formula to a municipal tax structure it is to maintain a constant tax rate; increase the number of assessments.

CREDIBILITY:

The credibility of this Council has resulted in the resignation of a member of the Committee of Adjustment.

UNITY:

Members of Council have used the old adage of "divide and conquer" to attain power and attempt to continue this division in order to remain in office.

WAGES:

The Council's generosity has resulted in some wages being increased by 30 per cent or five times greater than allotted by other levels of government to their employees.

ANNEXATION:

Lutterworth Township problems must be resolved soon, or face annexation by neighbouring Townships with a tax base approximately 20% higher than Lutterworth.

WEST GUILFORD COMMUNITY CENTRE MINUTES

The meeting of the W.G.C.C. was opened by Mr. Prentice, Chairman.

The minutes of the last meeting were read. Moved by Ray Jenkins, seconded by Harry Hobden, that the minutes be adopted as read. Carried.

The name Ray Jacobs which appeared in the previous minutes, should have been Ray Jenkins.

Dave Woodall from the Youth Committee reported that the children involved in the Saturday night drop-in centre would like to put on a variety show. Anyone with experience in this area would be most welcome to help organize this affair.

Moved by Jackie Barry, seconded by Harry Hobden, that the upstairs rooms be assigned a rental fee of $20.00 for occassional use. Carried.

Moved by Harry Hobden, seconded by Jackie Barry that the Building Committee organize a working bee to prepare the skating rink for use this winter. Carried.

The fund raising committee reported that the card parties are having good turn outs and would like to thank those who donated prizes.

The next meeting will be on December 13th, at 7:30 p.m.

Moved by Harry Hobden, seconded by Ken Sawyers, that the meeting be adjourned. Carried.

ABOUT THE TOWN

With Jeanne Sears

The Firemen have been very busy so far this year answering 35 calls, spending 51½ hours at these with 8 members at each one. The Ambulance Calls are more numerous — 226 with miles travelled 19,290 and hours spent on these trips 1,356 (approx.). They are very quick to answer these alarms as their phones ring with the alarm at the Fire Hall. We are really fortunate to have these capable men working for their community.

* * * *

Marg and Len Lonsberry and Karen are away to enjoy a short holiday in Florida.

* * * *

Now another lucky person at Rotary Bingo last Thursday when Hilda McCarey won the Snowball of $163 in 21 numbers called.

* * * *

Residents at the Hyland Crest Home enjoying birthdays for November were ladies again and being Edith Allcorn, Gladys Dennis, Jane Fairfield, Pearl Elstone and Sarah Tolson, with belated good wishes to all these ladies.

* * * *

Just a reminder there is a Christmas Bazaar - Tea by A.C.W. at St. Paul's Parish Hall this Saturday afternoon, December 2nd.

* * * *

The W. I. had a very successful Card Party at the Parish Hall last Monday, November 20 with winners being for cribbage Cassie Legge, for euchre Mary Little and Pat Clarke; lone hand Mary Cox and prize drawn for Pat Clarke. After the games all enjoyed a social half hour and the delicious lunch served by the ladies.

* * * *

Last Wednesday afternoon Librarians from all the Branches in our County met with the County Library Staff at Minden Library. Also present was Mrs. Wm. Moore, Regional Representative. A discussion was held about the five School Days we had attended at Peterborough. Plans were made for the Book Exchange of this week. Many of those present plan to attend the Victoria County Workshop in Lindsay on December 11.

* * * *

The UCW had a fine turn-out for their Luncheon - Bazaar, Tea last Friday with the fresh home-made soup very delicious and the Home Baking and Articles all in the attractive Holiday Setting.

* * * *

At the Weekly Card Party last Thursday afternoon at the Parish Hall winners were for euchre Phil Robinson and Nellie Graham and for cribbage Fred Wright and Joyce Hewitt.

* * * *

Hint of the week — Wonder what to give a sick person or a shut-in if they can have it, a box of home-made candy or cookies.

* * * *

Did you notice in the new Fall and Winter Catalogues the page with list of labels now on most garments. These are for your information, read them on our new dress etc. and you will now know whether it is washable or needs dry cleaning.

* * * *

We now have a great choice on T.V. with two leagues (or more) of hockey and football. The next weekend sees the Grey Cup Parade and the final game between East and West. Good thing some fields have artificial turf.

* * * *

Snow over the weekend and today (Monday) good time to stay home if possible.

- Cheerio until next time.

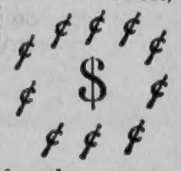
DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN

Special Consultant to Avco Financial Services

Last summer a handful of food editors in different U.S. cities decided to compare costs. This past summer the list of participating cities grew to 22, including three in Canada.

It was hard to rank the totals, city by city, because some of the items checked are not available in all areas, and in Canada, some sizes differ (as well as money). Generally speaking, however, Montreal and Vancouver ranked lowest, followed by San Diego. At the other end were Omaha and San Francisco.



Each editor sampled three stores for the survey. On this past June 29, the survey date, these were some of the going prices.

A five-pound standing rib-roast that cost $4.95 in Chicago, went for $7.65 in Honolulu. A dozen large grade A eggs ran from 33 cents in Tampa to 61 cents in Vancouver and 62 cents in Honolulu.

What did you pay for a five-pound bag of potatoes? If you lived in Portland, Oregon, they would probably have cost 45 cents, but in Cincinnati, the tab would likely have been 82 cents.

The wide price fluctuations dramatize the importance of shopping carefully for food (as well as everything else). Even in the most expensive city, there were plenty of bargains and vice versa.

To be a smart shopper, you have to know the competitive prices and be able to tell if a "special" price is really a bargain or not. It takes effort if you want to do it right.

Readers' questions are welcome and should be sent to Box 5875 London, Ontario.

THANK YOU MINDEN

An overwhelming welcome has been accorded to me. To step into the shoes of Mr. Lorne Coburn is a big job. But, with Mr. Coburn's help, and that of his wife, Mrs. Grace Coburn, my task will be somewhat simplified. Luckily for me Mr. Coburn will still be attending the store — The Drug Shoppe Ltd. — on a daily basis. This will facilitate the acceptance of the Courtneys. Jean, my wife, has not been able to join me yet — this is I hope just a matter of days.

Meeting many new friends in a few days might make it difficult for me to remember all your names — please bear with me — the faces I already remember, I may require refreshing on the names.

Concluding, I hope Minden will like me as well as I like it.

ORILLIA MAN RECOVERING IN HOSPITAL

Paul Stanley Howes, of Johns St, Orillia, was taken to Ross Memorial Hospital Wednesday, November 22, after drinking what he thought was water, but what turned out to be gas line anti-freeze.

Mr. Howes was working at a construction site near Minden, for Shamrock Driller. He drank half-a-cup of the gas line anti-freeze before he realized that it was not water. He immediately drank a cup of coffee which caused him to vomit.

Mr. Howes was then taken to Ross Memorial Hospital where Thursday morning he was reported in good condition.

An Open Letter to The Electors of Anson, Hindon and Minden

We, a Committee for Good Government, feel strongly that the election on Monday, December 4th, is the time for us to VOTE AND BE COUNTED

Many times in the past, lack of interest has resulted in acclamations for some offices and sometimes for all of them. We all have a chance to examine the attendance and voting record of those who have controlled our municipal government and reject the candidates who have not deserved our vote and elect the candidates of our choice. Pre-election promises are easily given — performance is what counts. This Committee has no desire to influence the vote for any particular candidate. We do, however, urge every voter to think seriously about what the future of our Municipality will be under the guidance of those we choose to elect.

Having in mind all of the forecasts about the probability of our Townships "being swallowed up" in a new Regional Government, this may be our last chance to cast a ballot for truly local government. Think for a few minutes what it would be like to be administered by a Regional Council, meeting, say in Belleville or Peterborough!

We would also remind the young people, 18 and over, that how they vote could greatly affect their future.

Finally, we urge all voters to join us in THINKING, TALKING to our friends and neighbours, DECIDING who to vote for, and VOTING regardless of good or bad weather. As in Federal and Provincial elections, our municipal vote is a precious possession — no one can take it from us, nor call us to account for how we use it. Let us have no more of those 38% votes, let us make it at least 80% and then the administration we get will be what we deserve.

Very sincerely,

George Finley

Lloyd Walker

Don Macnab

MINDEN

Notice

TO: THE VOTERS OF LUTTERWORTH

FROM: DAVID GALLAGHER

CANDIDATE FOR COUNCIL

It will be impossible for me to meet you all before the Election, however this will introduce me and my concerns.

I am 37 years old, have a wife, 3 school age children and work in Toronto. We spend weekends and holidays at Miners Bay on property originally purchased by my Grandfather in 1914 and have many friends among the permanent residents.

This has given me an insight into the problems facing all township taxpayers of Lutterworth such as zoning roads, garbage disposal, education costs and communication with Council.

The committee for Township of Lutterworth Affairs has added my name to its slate and I appreciate this support, but I want to assure every voter that if elected I will act in the best interest of all the people of the Township.

I would appreciate your voting for me December 4 (Nov. 27 or Dec. 2) but the most important thing is that you get out and vote.

Gallagher | X

BOWLING

The Haliburton County Men's Commercial bowling league commenced this past week, after a two week lay-off for hunting season.

The Rockcliffe Beer Nuts didn't seem to suffer from the lay-off as they took the maximum seven points from Cox's Colts, and moved into second place in the standings.

Modern Electric and Ingoldsby each took five of a possible seven from the opponents, Haliburton Highballers and Miles Roadrunners.

Standings to date are Haiburton Highballers 45 pts., Rockcliffe 42, Modern 39, Cox's 30, Ingoldsby 27, Miles 22.

High single and high triple still belong to Cliff Burke with 343 and 861 respectively. Eddie Cox still holds high average with 238.

Winners of last weeks Dominion Hotel Shuffleboard tournament where Doug Robinson and Trueman McNeil.

Anyone wishing to play basketball this winter please contact the writer as soon as possible. The Haliburton High gym will be made available again this year on Tuesday evenings if enough players are interested Date of first workout will be in this column possibly next week.

NOW HEAR THIS

by Lorna Rogers.

East meets West in hand to hand combat on the playing fields of Hamilton's Ivor Wynn Stadium, Sunday, December 3, and CBC Radio will be right alingside. Grey Cup commentators are Fred Sgambati, Bob Picken, Zeke O'Connor and Bob Willson.

And, up in the air, CBC Radio will follow the progress of Apollo XVII, from launch, Wednesday, December 6 to splashdown, Tuesday, December 9.

Handel's magnificent oratorio Solomon, was first performed in London's Covent Garden Theatre in 1749. It will be heard in all its splendor on CBC Tuesday Night, December 5, performed by the Toronto Mendelssohn Choir and the National Arts Centre Orchestra, conducted by Elmer Iseler, with soloists Don Gerrard as Solomon, Charles Bressler as Zadock, Lois Marshall as Queen of Sheba, Ricki Turofsky as Solomon's Queen, Stephanie Bogle as the First Woman and Roxolana Roslak as the Second Woman.

This Country in the Morning visits Calgary, December 6 and 7, and Edmonton, December 8 and 11. Host Peter Gzowski and executive producer Alex Frame recently spent a very rewarding week in St. John's, and they are looking forward to originating the show from other parts of the country in the next few months.

Johnny Yesno, host of Our Native Land, narrates an Indian legend about the beaver on the Canadian School Broadcast, Friday, December 8.

Last summer director-actor Paul Thompson of Toronto's Theatre Passe Muraille and his wife, actress Anne Anglin, gathered material for The Farm Show, an appreciation of rural community life. The "play" is a respectful, affectionate comment on the people who farm Ontario, their routines, beliefs, philosophies, tragedies and dreams, and it will be heard in radio version on CBC Stage, Saturday, December 2.

Between Ourselves, Monday, December 4, features interviews with men of the Winnipeg Grenadiers who suffered in Japanese prison camps after being captured during the fall of Hong Kong in December, 1941.

"Is that all for me?" says Allan McFee as Max proudly shows him one of his famous Christmas cakes. Wouldn't Max be surprised if he ate The Whole Thing! Max also cooks up a satiric sketch each weekday on The Max Ferguson Show, heard at 2:30 p.m. on CBC Radio. As well he mixes in a generous portion of his own choice recordings and friendly banter with his longtime cohort Allan McFee.

Phone John Osborne Gooderham Res. 447-2083.

List With Keith

Province-Wide Service

Knock knock. Guess who.

Throughout the year, volunteers do a lot you never hear about in the fight against cancer. They drive patients to clinics, and supply small comforts such as tea and coffee.

They visit schools and various groups to show films and talk about ways to prevent cancer.

Some 50,000 of them conduct the annual campaign for funds that are needed in the fight against cancer. Give your share when the time comes.

And if you want to serve as a volunteer, either during the campaign or through the year, contact your local cancer unit.

Cancer can be beaten.

For further information, contact your local Cancer Unit.
